Department:	Information Technology	Classification/FLSA:	Part-Time (Not Benefits Eligible)
Location:	Varies	Reports To:	Facility Maintenance Technician
Supervises:	N/A	Pay Range:	\$13.27 - \$18.58
Benefits:	Per City Handbook	Travel:	As needed

POSITION SUMMARY

The City of Pittsburgh is searching for a Technical Installer to install cameras all over the City. This is a part-time position with around 20 hours a week. The Technical Installer is responsible for installing, configuring, and maintaining cameras all over town.

POSITION COMPETENCIES

- Basic knowledge of cameras and installation.
- Ability to install cameras from various heights in a bucket truck.
- Ability to perform minor wiring and configuration of cameras.
- Ability to work closely with Information Technology and Facility Maintenance departments to install cameras in a timely manner.

EDUCATION

High School Equivalent or GED required. Experience with cameras or other software preferred, but not required.

WORKING CONDITIONS

Work will primarily be performed outside in various weather conditions.
